

SUSPENDED LIGHTS / MOON

Clight

MOON

Suspended Light

MOON is a single LED retro styled sphere shaped pendant. The top shade connects with the lower half at the equator of the sphere, ending on a white opal pvc diffuser. The sphere is tiltable with 90° movement. When lit the light creates uniform light distribution into the surrounding area.

- Integrated COB LED
- Anti glare effect
- Aluminum body
- Various cable lengths
up to 5 meters
- CRI 90
